PUBLIC SCHOOL TEACHERS

List of Those Selected for the Next Scholastic Year.

NORMAL GRADUATES FAVORED

All of Them Have Been Elected to Positions as Teachers-Several Resignations Accepted-Other Important Business Transacted by Board of School Trustees.

The annual meeting of the board of pubhe school trustees was held yesterday after noon at the Franklin School building. In the absence of President J. W. Whelpley the board was called to order by Mr. J. G Falck, the clerk of the board, and Trustee Barnard was called to the chair. Mr Whelpley, however, made his appearance a few minutes later. The other members present were Messrs, Harries, Wilson, Bruce,

Drs. Shadd, Witmer and Hazen-The principal business considered was the confirmation of the nominations of principals and teachers for the public schools for the next scholastic year, a list of which

and Cornish, Mrs. Stowell, Mrs. Terrell,

is given below: Resignations from the following teachers were received and accepted: Miss Ella Green, G. V. Durfee, E. A. Duckett, E. E. Francis and S. E. Purcell.

It will be noted in the list of appointments that all of the normal graduates have been elected to positions as teachers. Dr. Hazen, of the committee on text books, reported the adoption of an elementary geography in place of Swinton's formerly used. The introduction of this book will not, however, be an additional expense, as it will only be intro-duced as the old books become too much worn for use.

Major Harries reported the selection of Mr. Louis E. Bond for superintendent of all repairs of the school buildings, which will be done during vacation.

A vote of thanks was returned to George Emmons & Co., for the use of his build ing for the exhibition of the work of the children of the public schools and to Mr. J. H. Smalls for his donations of flowers Mr. Nourse and Miss Walsh, certificate holders, were elected to teachers' places The following is the list of teachers ap pointed:

Normal School.

Principal, Idalia G. Myers; training teach ers, Elizabeth V. Brown and Annie M. Goding; practice teachers, Helen D. Wise, S. Elta McMahon, Elizabeth A. Hummer, Mary C. Breen, Edna V. Riddleberger, and Bessie C. Early.

Central High School.

Director, Francis R. Lane; principal, Percy M. Hugnes; vice principal, Helen M. Reynolds; assistants, A. W. Spanhoofd, Louis M. Prindle, Camille Fontaine, Harry English, William A Hedrick, Joseph S Mills, A. Sarab Rainey, Nora Hoegelsber ger, Mary E. C. Morgan, Mary Weddell, W. Edwin Priest, Wilbur F. Dales, Loring B Mullen, Harry C. Cheston, William P Hay, Emory M. Wilson, Annie M Wilson Mary R. Hampson, Marie H. Siebert, Ellen Golden, Harriet M. Cushing, Clem W. Orr, Della P. Mussey, F. E. Maon Hall, Eugenie G. Brosius, Flizabeth R. Walton, Wilhelmina C. Hartmann, Sarah M. Farr, Jane L. Ditto, Lucie M. Parker, Annie McKnew, Louise G. Saxton, Eugenle Liebschutz, Vesta M. Dowler, Sadie E. Simons, Elizabeth M. Howell, Edith L. Compton, Marie Parret, Bessie M. King, Clarence E. Yount, and Robert W. Test Eastern High School.

Principal, Hosner M. Johnson; assistants Mosheim F. F. Swartzell, Brantz M. Ros zel, Ida M. Daly, J. Philip Gerry, Lucien E. C. Colliere, Lilly A. Chester, Phoebe Holmes, William J. Wallis, Paul Finckel Prink Suter, Lewanna Wilkins, Margaret Spaiding, David Lattimore, Pertha L. Gardner, Charlotte A. Dan Doren, May O. Dean, Edward A. Playter, Clara M. Burchard, Celia B. Mayse, and H. May John son.

Western High School.

Principal, Edith C. Westcott; assistants Helen B. Officy, Edward L. Morris, Har rict J. Buchly, A. C. Bryan, Irene O. Young Helene Martin, N. J. McKnight, Anna M. Robinson, Edna T. Town, Bertha Guillaume, Julia W. Stickney, Theodosia R. Rupii, C. LeRoy Parker, and Mabel W.

Business High School.

Principal, Allan Davis; assistants, Pow batan W. Robertson, Agnes M. Graham, Edna A. Clark, Colyer Meriwether, Ernest L. Thurston, Hester E. McNelly, Arcturu phine C. Butler, Emma K. Culver, Anna L. Harman, Paul A. Steele, Mary L. Borns Mary J. Gibson, Rebecca E. Shanley, F. May Merillat, Luther H. Reichelderfer Anna S. Hazelton, Caroline C. Robincite.

Music.

Director, Annie E. Scammell; assistants Alys E Bentley, Edwin S. Tracy, Amy Law, Lena C. Freeman and E Louise Stetson. Drawing.

Director, Susan E. W. Fuller, assistants Hilda North, A. Mac Atlee, Mary P. Ship man and Mary Sipe.

Manual Training.

Director, John A. Chamberlain; assist ants, A. Jawin Gardner, William R. Sheid. Elias J. Dakin, James A. Degges, Theodore W Fuller, Roy B Hayes, John A. Mont-gomery, Patrick L. O'Brien, Joseph K. Potter, Richard T. Pumphrey, Francis Schweinhaut, Fred L. Harries, Frank E. Skinner, Harry B. White and Edward F

Director, Emma 8. Jacobs; assistants Anna C. Poliok, Fannie Atlee, Mary E Davis, Margaret Keogh, Mary A. Douglas Margaret J. Merillat, Mary A. Burns, Flor-ence Jenkins, Elizabeth W. Cross, Annie McDaniel and Marian White.

Sewing.

Director, Margaret W. Cate; assistants Barah M. Davidson, Fannie P. Polkinhorn, Mary C. Henry, Hannah Draney, Annie L. Genevieve Cassin, Elinor M. Cal houn, 8 Amelia Dalton, Kate Graham Isabelle Solomons, Clara L. Stanton, Er-nestine R. Thornton, Artie M. Wells and Charlotte White

Physical Culture.

Director, Rebecca Stoneroad; assistants, Zue H. Brockett, Ruth M. Oberly, Rose E. Holmes, Sarah A. Green and Mary R. Phil

Sixth grade teachers-C. N. Thompson, C. F. Zimmele, C. A. Johnson, M. L. Smith, A. B. Neumeyer, M. C. Johns V. V. Trook.

Fifth grade teachers-Sarah E. Halley, Annie M. Hobbs, Laura Shackelford, Ellen E. Haliday, Annie M. Whitemore, Lillie H. Cohen, Rachel A. Garret. Fourth grade teachers-Margaert E. Gar-

rett, Jeannette Cohen, A. Estelle Crump, Eliza C. Fawcett, Caroline Ranney, Alice C. McDade, Margaret M. Brewer, Maggie M. Wilson.

Third grade teachers-Hanche M Hipkins, Maud M. Moore, Fannie J. Camp bell, Mary A. Mack, Nettie Schwingham-mer, Elizabeth Barnes, Minnie Harper, An-

nie Campbell. Second grade teachers-Marion C Everett, Mary A. Law, Katherine Cornwell, Inez D. Daniel, Flora Ulke, Belle Allen,

Josephine A. Hicksler, Marguerite Barnes Flora G. Whitney, Minnie Sherwood. First grade teachers-Lelia S. Brett, Liltian Halley, Mary E. Rose, Margaret M. Carraber, Susan B. Waters, Jessie D. Ap-

ONE OF TWO WAYS.

The bladder was created for one purpose namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases CHIEF CAUSE.

Unbealthy urine from unbealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder; therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or seitling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Klimer's Swamp-Root, the great kidney and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists, fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention The Morning Times and send your address to Dr. Kilmer & Co, Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

pler, Rose Hessier, Elsie L. Sillers, Anna S. Hughes, Brigid E. Holden. Fifth Division.

LUCAS FOUND NOT GUILTY.

No Case Against the Alleged Pocke book Snatzlee

In the case of Walter Lucas, colored tried yesterday in criminal court No. 2 for worth of jewelry from the jarm of Mrs.
Florence Aires on May 22 last, Judge
Bradley, in compliance with the request of
Prosecuting Attorney Shillington, who held
that no case had been made out, directly the jury to bring in a verdict of acquittal. Lucas was defended by Attorneys Bradley and Taylor.

called, testified that at about 10 o'clock on the night in question she was walking out New Hampshireavennesaccompanied by her mother, Mrs. Tweddle, and her three children. They had just gotten opposite a vacant lot and Mrs. Tweddle and two of the children had walked ahead, when the witness felt someone tug at the hand-bag she had on her arm. She turned quickly and saw a colored man, who was just cutting the straps of the bag with a knife. He then took the bag and ran across the vacant lot into an alley. The witness screamed and ran after him as far as she could, but soon lost sight of him in th darkness.

In reply to a question from Assistant District Attorney Shillington the witness said that the bag contained jewelry, brace-lets, watches and the like aggregating in value \$487. She could not positively identify Lucas as her assailant, but would identify Lucas as her assailant, but would say that he was of about the same color and about the same height and weight.

Mrs. Tweddle, mother of the previou witness, gave substantially the same evi-

Rutherford Jackson testified that on the night of the robbery he was passing through the alley leading to New Hamp shire avenue, when he met the defendant running. When he tried to detain him positive in his identification of the defendant as the man.

He had met him again on May 27, and recognizing him as the robber had lared him to the station-house through a promise of work Once there he had him arrested Lucas gave evidence that he was not near the scene of the robbery that night, which was corroborated by his landfasty, Mrs Lewis. Several witnesses to good char after which Assistant District Attorney Shillington made the motion which result ed in the dismissal of the charge.

PNEUMATIC TUBE FACILITIES Advantage of Pipes for Quick Mail Transportation.

The Postoffice Department considers the neumatic tube such a success as a mean mail transportation that it would be glad to introduce this system in all the great mail centers of the United States

These tubes are put in by private com panies and then rented by the department. It is probable that should some corpora-tion construct a tube between the railrond stations and the postoffice at Washington and between the central office and substations the department would patron

The first tube to be tried by the department was that at Philadelphia. It runs between the general postoffice and sub-station No. 20 located in the Bourse Building, a distance of a little more than hal a mile. The operation of this tube costs the department \$3,450 per amount. It has been successfully used and paid for since March 1, 1894, and was used in an experi mental way for about one year prior to that date

The pneumatic tube system, which it was desired to establish in Philadelphia New York and Boston, has not been de veloped as rapidly as was expected. A close study of the problem disclosed facts which the department had hitherto over looked. It was at first thought desirable to lay a tute so large that a full pouch of mail matter might be forced th This would have required about a 36-inch tube. This class of construction, pass-ing under pipes already laid, sewerage and other obstacles practically meant tun neling. In most of the seacoast cities i means passing below the water level. has been found that a 10-lach pipe, with an 8-inch carrier, in such lengths as the department would require, would relieve the department of from 65 to 70 per cent of the trips now made by wagons.

Reduced Rates to Inter-Collegiate Boat Races via Pennsylvania Railroad.

Account of the races at Highland, Pough-keepsie course, June 30 and July 2, excur-sion tickets, good going June 29 to July 2 and returning until July 3, will be sold at one fare for the round trip. je27am,27,29,30,jy1-pmje28,29,30,jy1

Static Electrical Machine. Relieves Obstinate or Long-Standing Diseases and Invigorates

t Cures Paralysis, Stiff Joints, Neuralgia, Nervous Diseases and All Muscular Pains.

The Pains and Aches Disappear As if by Magic.

If You Are Sick Call at Dr. Heiser's Office, Where You Can Have the Most Thorough Medical Examjuntion and Advice Without Costing You a Penny.

DIZZINESS

is only one of the danger signals that nature uses to tell us that our kidneys are not acting right, and that we are in danger of Bright's Disease, and other kidney troubles. When the kidneys are not doing their duty as filters of the blood, the poison which should be filtered out through the urine remains in the system and disease results. This condition can be

CURED

Having been troubled for a long time with kinney discuss, and failing to find any relief from anything I could buy, I fortunately heard of your woderful sparagus Kidney Pills, and decided to try them. I am happy to say I obtained great relief, and continue to take the pills with great prospects of being finally cured. I therefore gladly recommend them to all who may be suffering from kidney complaint as an excellent remedy. GEORGE CONKAP, 529 Twenty-sixth st., Washington, D. C.

HOBBS Sparagus Kidney Pills.

The World of Business.

Wall Street Yesterday. New York, June 29. - Fairly large sales of

stocks in this market for foreign account were noted this morning, and they were made the occasion of the first successful attack upon prices that has taken place in the present upward movement in the market. The foreign selling of slocks was apparently due to the general weakening of the London market, which was depressed by reason of a sharp break in Kaffirs.

Cable advices reported that London operators were disposed to regard the advance in this market with a good deal of cynicism. The local reactionists made the most of the circumstances, and, under their vigorous selling, the active stocks yielded a point or more in the early dealings, after which the market became significantly dull. There was not an item of news upon which the selling move ment was based, and it was apparently conducted upon the sole theory that the advance in the market since Friday had been too rapid to hold, and that in the usiasm stocks had passed into weaker hands.

The Burlington and Quincy statement of earnings for the month of May Was fully as favorable as had been reasonably expected. The comparative steadiness of the Anthracite Coal stocks was doubt-less a reflection of the higher selling prices for Coal arranged for July.

The professional selling of the market was directed chiefly at the granger stocks, but as a rule the recessions recorded in the early dealings were not extended Sugar and Chicago Gas were both active and in the forenoon sold at the highest figures in a number of years, but later they reacted with the general mar The reactionary tendency of the stock market did not extend to the The lowest prices in this market were made in the closing hour, and in some stocks they were lower than yesterday's

been largely increased. New York Stock Market. Corrected daily by W. B. Hibbs & Co. Bankers and Brokers. Members of the N. Y. Stock Exchange, 1427 F street

The drop all over the market yesterday was considered ominous to a continuance of the boom by a good many traders chases for the first time since the boom commenced, fearing today, with its possi bilities of further decline and its possi-bilities, also, of course, of advances. The reaction in the market has been on large realizings, with the feeling that the acvance on Monday was entirely too rapid At the close of the day the market was nervous, at the lower level of quotations, and showed no disposition to rally. On the whole, however, the sanest opinion

seems to be that, though it may not come today, a further advance is inevitable. There is no reason at the present moment for a decline, except, of course, the great reason that stocks have advanced too far, but this reason does not hold with a public which is in the market inreasoningly. The inertia of such a public will almost surely advance prices

Ladeoberg, Thalmann & Co. were large sellers of Rock Island yesterday, selling probably more than 3,000 shares in all.

The largest break vesterday in the point of decline in price were in Chicago Gas and Sugar, though both of these stocks railled from the lowest figure, and were at the close considerably above Monday's opening. Chicago Gas held its friends through the drop yesterday, and they are all predicting that it was only a tempotary affair to be followed today by good advances. The same opinion is held by almost everybody with regard

Ladenberg, Thalmann & Co., Mr. Hibbs'

correspondents, say: "London's evident lack of sympathy with the bull market ne effect, but it would seem that the rapidity and extent of Monday's advances, together with the very marked increase of the dealing-brought the likeliincrease of the dealing-brought the likeli-hood, as well as the necessity of a reaction before the minds of spectators." These people add with regard to the Grangers: "It was noted that the realizing was on a large scale in the principal Granger stocks. That group, indeed, exhibited the largest decline, and the conclusion genenally drawn was that some of the large pools which have been at work in that

part of the market have taken their profits, and it is to be presumed turned to the bear side for the time being.

The Town Topics people continue bullish on M. K. T. preferred. They say "Earn will be simply phe M. K. T. will increase its earnings any where from 25 to 75 per cent per month The people are also bullish on Louisville and Nashville, and on Omaha.

Dow, Jones & Co. say of Atchison, in a way which must seem entirely too optim istic to many:

"There is a good deal of switching from some of the Northwestern granger into Atchison. The Atchison securities have gone up comparatively little, white its winter wheat crop is assured and is a very large one, making earnings for the next ax months a certainty and a very large certainty. President Ripley is extremely confident that the turn for Atchison has come, and that a most us season for the road is at hand The May earnings showed the large gross increase expected, while the ne decrease was solely because of large expenditures for improvements. favorite Atchison securities are the ustments and the preferred stock. The eleven months' statement shows earn-ings on the adjustment bonds approxi nating 3 per cent, and the directors must meet and declare interest on the bonds payable November 1.

The May statement of Chicago, Burlington and Quincy shows gross earnings to have ncreased over \$350,000. The surplus after charges increased \$200,000. That improve ment in the volume of business in Burling ton still keeps up, there is no question The grain movement, however, remain light. My disposition toward Burlington is not as bullish as it was a few weeks ago

Robert Lindblom, Mr. Siisby's correspond nt, says of wheat: Wheat's being offered quite freely from every winter wheat ser tion, and the idea of a July deal must sure ly be abandoned, but our advice is to i gnor the July and trade in September entirely in July wheat in a satisfactory way.

The daily grain letter of McIntyre ! Wardwell, 1420 F street, says: There was a small scalping wheat man

ker, with the July easy within fractions limits, and the September steady. there was any manipulative effort at all in the nearby month it was to keep the price at a standstill. There seemed to be some offerings at over 70 1-4. The gossip was, there were orders to buy any thing under 70. There was a fair nullin business-150,000 bushels here. The September was influenced by weather, cables clearances and manipulating operations There were enormous scaboard exports-575,000 bushels Liverpool was decidedly weak, 1-2 to 1 1-1 d lower. The North west sent claims of rust, and the pit thought there was some Northwestern buy The talk of winter wheat offering to arrive, so common Monday, was not heard at all today. Northwest receipts were large, but still less, by half, than last year's. The decrease in the world's last year's. visible-3,628,000 bushels-turned out very much less than expected. The contract stock here is down to 3,800,000 bushels with 1,600,000 bushels, No. 1, Northern unding a big premium. The Ser ember and December are a fair price Thoman estimates total crop at 550,000,000 There was good buying for Sep tember.
